## *March*

Here's an interesting tidbit: Did you know the month of March is actually named after Mars, the Roman god of war? It's a time where flowers bloom, like Daffodils, March's birth flower, and nature arises from a long slumber. The month of March is all about rejuvenation, and the coming of the spring season only confirms it.

Welcome, March! Hope this month will bring a lot of positive change to your life. This change will be as good as you are. Enjoy your new month with friends and loved ones.
